

RECRUITMENT AND EXAMINATION ANNOUNCEMENT

TITLE: **COMPUTER NETWORK SPECIALIST II (4413) JME**
Announcement Number: 10-4413-930
(Current vacancy at Somerset County Health Department, Westover, MD)

SALARY: **\$42,632 - \$68,250 (Grade 17)** - Salary reductions may apply per Executive Order 01.01.2009.11 State Employees' Furlough and Temporary Salary Reduction Plan. See the hiring manager for further details.

CLOSING DATE: **February 8, 2010**

DESCRIPTION: This position provides a variety of IT support duties such as: network administration; PC support; application support; computer hardware/software support; and, support issues involving relational databases and SQL servers. Duties include: developing database reports and scripts; providing and deploying PCs and laptops to users; coordination, installation and implementation of database management system software; developing and implementation of database management system software; and, developing and implementing Active Directory policies and groups.

MINIMUM QUALIFICATIONS:

EDUCATION: Bachelor's degree in computer information technology, management information systems, or other information technology related field, to include course work in local or wide area computer networks, from an accredited college or university.

EXPERIENCE: One year of experience planning, integrating and maintaining software and hardware for local or wide area computer networks.

DESIRABLE QUALIFICATIONS:

Experience with SQL Servers, Crystal Reports and Visual Basic is preferred.

Notes:

1. Candidates may substitute completion of high school or high school equivalency certificate and eighteen months of experience converting data from project specifications by preparing program code using generally accepted computer programming languages or other developmental tools; planning, installing and maintaining data communications network lines and devices; or evaluating, implementing and maintaining computer hardware and software for the required education.
2. Candidates may substitute completion of high school or high school equivalency certificate and fifteen credit hours from an accredited college or university in systems analysis and applications programming using generally accepted computer programming languages or other developmental tools for the required education.
3. Candidates may substitute completion of high school or high school equivalency certificate and completion of a certification program in Network Administration for the required education. **A copy of certificate must be attached application form MS-100.**
4. Candidates may substitute experience in one of the following areas on a year-for-year basis for a high school education: operating computer systems, scheduling, controlling input and output or maintaining backups or data storage, processing data on computer systems, evaluating, implementing and maintaining computer hardware and software or converting data from project specifications by developing programs using generally accepted computer programming languages or other developmental tools.

PLEASE NOTE: This is a **position specific** recruitment. The resulting eligibility list will be used to staff this position or function only. Interested persons need to reapply for any future recruitment for this classification. Applicants certified to this list will remain eligible only for this particular position for a period of one year.
